## How to prevent employee theft

Seven crime-stopping tips to keep your tools and cool

## CNC machinery for small shops

A look at the latest offerings in this fast-growing category

## There's no trick to bevel grinding

How a few hours of practice builds confidence, consistency

MICHAEL GORDON

## NEW TOOLS

- ▶ Rikon lathe
- ▶ Hitachi table saw
- ▶ Grizzly planer/jointer
- ▶ Makita circular saws

\$3.95 (Canada, \$5.95)

## Leading by example

Philip C. Lowe teaches traditional woodworking at his school, the Furniture Institute of Massachusetts, and still operates a furniture and restoration business. While some woodworkers would be distracted by a shop full of students, Lowe is living his dream.
